COMMERCIAL SYSTEMS

CATALOG 2026

Impact and non-impact storefronts, curtain walls, window walls and commercial doors, supplied and installed by 3Rico's.

3RICOGLASS.COM

WHO WE ARE

Three trusted brands. **One installer.**

3Rico's Windows And Doors is a family-owned company and a dealer of Aldora, Mr Glass and ES Windows, with commercial systems for every type of building and wind zone.

We work as a subcontractor for general contractors, developers, builders and property managers: from storefronts and curtain walls to window walls and commercial doors.

Non-Impact

Manufacturer warranties apply separately to products.

OUR LINEUP

Commercial glass for every building

Impact systems for Florida's High Velocity Hurricane Zone and non-impact systems for interiors and other wind zones.

WHY IMPACT

Hurricane protection
Large missile impact systems engineered for the HVHZ.

Bigger views
Large panels, slim sightlines and mullion-free glass walls.

Energy codes
Thermal breaks, insulated and Low-E glass options.

Faster installs
Pre-glazed and shop-glazed systems save time on site.

One partner
Three manufacturers, one team to supply and install.

SECTION 01

IMPACT

Hurricane-rated commercial systems.

Storefronts, curtain walls, window walls, doors and louvers from Aldora, Mr Glass and ES Windows, built to protect commercial buildings in Florida's toughest wind zones.

HIGHLIGHTS

- Florida Building Code approved systems
- Large missile impact rated for the HVHZ
- Laminated and insulated laminated glass
- Thermal break options for energy codes

Storefronts & window walls

High design pressures, large panels

FRONTSET STOREFRONT

FS-300 Series

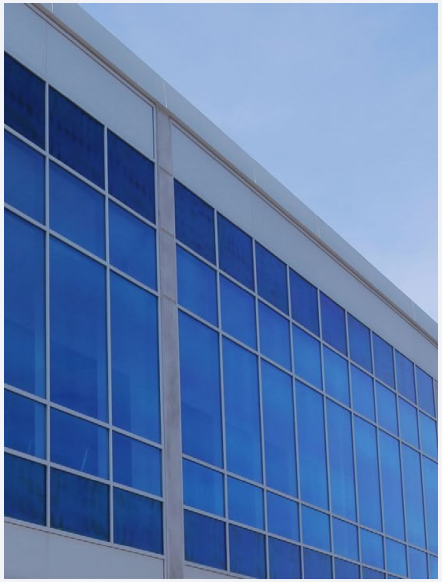

- Single panels up to 75-1/2" x 180"
- Up to +120/-135 PSF reinforced
- Can be pre-glazed; thermal break option

MULLION-FREE GLASS WALL

FS 300 Max View

- Glass-to-glass butt joints, no mullions
- Panels up to 97" x 157"
- Design loads ±90 PSF

MONUMENTAL STOREFRONT

Frontset Plus

- Panel heights up to 168"
- Multiple panels up to 76" x 168"
- Ideal for luxury and commercial projects

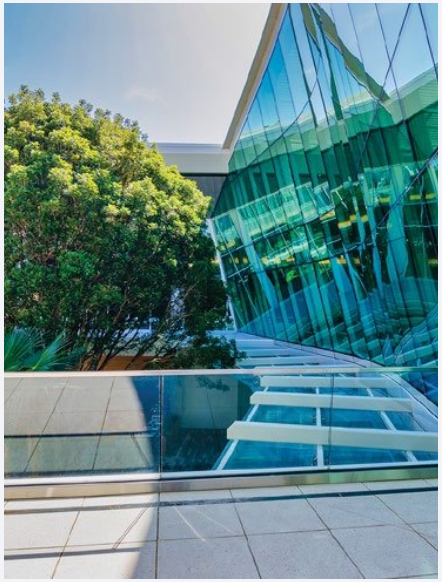

IMPACT WINDOW WALL

SMI-090 Impact

- Non-weep, wet-seal system
- 9/16" laminated or 1-5/16" laminated IG
- Radius shapes and thermal break options

Curtain walls & storefronts

Shop-glazed quality, large missile rated

CURTAIN WALL

MG-2000

- Toggle glazing with 4-side silicone look
- Spans up to 17'-4" with heavy mullion
- Up to +90/-100 PSF

STICK CURTAIN WALL

MG-7000

- Single-span heights up to 196"
- Pressures up to ±130 PSF
- Integrates commercial doors

STOREFRONT WALL

MG-5000

- Jumbo single units up to 84" x 180"
- Pressures up to 130 PSF
- Mates with the MG-500 door

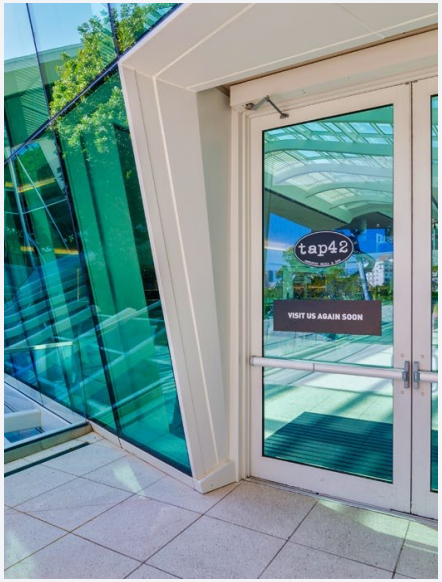

STOREFRONT WALL

MG-6000

- Shop-glazed with 5" frame
- Up to +100/-145 PSF
- Laminated or insulated laminated glass

Entrances, louvers & uPVC systems

Complete the building envelope

MR GLASS · DOOR

MG-500

- Single and double doors with transoms
- Up to ±120 PSF (single door)
- Panic devices and ADA thresholds

MR GLASS · LOUVERS

Louvers

- Modules up to 61" x 168"
- Design pressure ±80 PSF
- Stand-alone or inserted in any opening

ES WINDOWS · UPVC

Series 76

- Impact-certified insulating laminated glass
- Fixed, tilt & turn and swing doors
- Reinforced for taller buildings

Bidding a commercial project?

Send us the plans or the glazing scope and we'll recommend the right system for each elevation.

info@3ricoglass.com · 645.247.7037

SECTION 02

NON-IMPACT

Systems for interiors and other wind zones.

Storefront framing, window walls, uPVC and thermal systems for interior offices, retail and projects outside the High Velocity Hurricane Zone.

HIGHLIGHTS

- Florida Building Code approved options
- Tempered and insulated glass
- Pre-glazed systems for faster installs
- Passive House-level uPVC performance

Storefronts & window walls

Clean lines for retail, offices and interiors

ALDORA · STOREFRONT

SMI-45

- 1-3/4" x 4-1/2", flush glazed
- No exposed fasteners
- Pairs with McKinley storefront doors

ALDORA · WINDOW WALL

SMI-090

- Looks like true windows, not curtain wall
- 1/4" tempered or 1" insulated glass
- Can be fully pre-glazed

MR GLASS · STOREFRONT

MG-4500 / MG-275

- Pre-glazed units, up to ±100 PSF
- Matching MG-275 narrow-stile door
- Ideal for interior applications

Interior or exterior?

We'll help you choose the right system for your wind zone, energy code and budget.

info@3ricoglass.com · 645.247.7037

76

ES WINDOWS · UPVC

Series 76 & 88

European-style uPVC for modern buildings.

High-performance uPVC windows and doors with tilt & turn, fixed and swing configurations, built for strict energy codes and quiet interiors.

SERIES 76

- Impact and non-impact versions
- Fixed up to 59" x 98-1/2"
- Reinforced for taller buildings

SERIES 88

- Aligned with Passive House standards
- Double or triple insulating glass
- Sound ratings up to STC 38

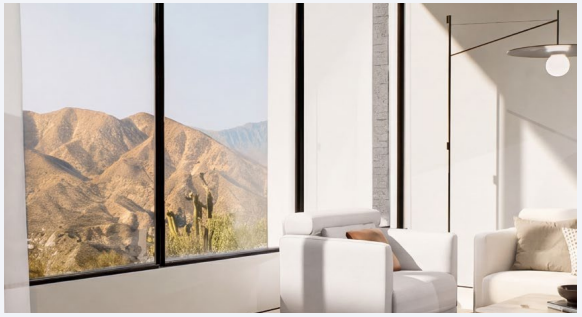

3RICO'S WINDOW AND DOOR INSTALLATION CORP

Legacy thermal collection

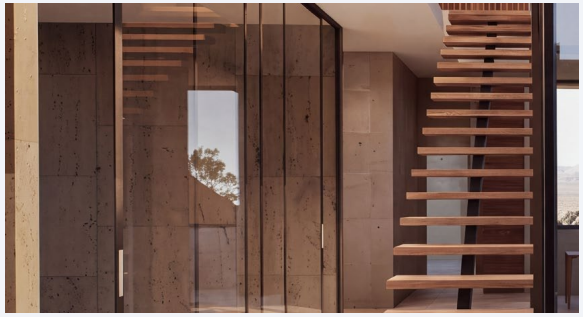

Slim sightlines, thermal break technology

WINDOW WALL

ES-LG225

- Fixed window wall system
- Tempered glass standard

MULTI-SLIDE DOOR

ES-LG850

- Up to 84" x 108" panels
- Pocketing and 90° corners

PIVOT DOOR

ES-LG550

- Up to 72" x 144"
- Concealed pivot hinge

BIFOLD DOOR

ES-LG450

- Wide, unobstructed openings
- Centor folding hardware

THERMAL SWING DOOR

ES-LG525

- Inswing or outswing, up to 96" x 120"
- Multipoint lock options

CASEMENT / AWNING

ES-LG250

- Casement and awning configurations
- Design load ±40 PSF
